

INFINI[®]
By TEDEM

THE 1ST BARREL IN THE WORLD
REUSABLE FOR LIFE

Regenerated, eco-responsible, without planing

REVOLUTION

IN THE WORLD OF BARRELS

INFINI[®] By TEDEM

**The 1st barrel reconditioned respectfully and eco-responsibly without planing.
Regenerate your barrels as many times as you like (only for wine).**

*Don't devalue the value of your used barrels by planing them,
on the contrary, increase it with INFINI.
The solution for storing and raising your spirits safely.*

Our Method

According to a thermo-oxidative process, developed by TEDEM, the used barrels, rigorously selected, are regenerated infinitely, in depth, without planing and without heating.

The INFINI barrel is an environmentally friendly ageing method.
Our kegs are analysed and tested according to our quality charter.

Guarantees TEDEM :

- Micro-oxygenation restored
- Total disinfection
- Complete debuffing
- Homogeneity of batches
- Residual sulphur removed
